

Pope Francis Action Team

Minutes: 22nd January 2024

The Pope Francis Action Team in preparation for the Year of Prayer are writing their interpretations of the Lord's Prayer.

Our Creator, who art in the cosmos,
Hallowed be thy name.
Thy wisdom come, thy love be done,
On earth as it is in the stars.
Give us this day our daily light,
And forgive us our errors,
As we forgive those who are against us.
And guide us not into darkness,
But deliver us from evil.
For thine is the creation, the beauty, and the harmony,
Forever and ever.
Amen.

Our Healer who art in the heart, loving be thy name.
Thy healing comes, thy wholeness be done, on earth as it is in heaven.
Give us today our daily bread, and sustain us with thy compassion.
And forgive us our wounds, as we forgive those who wound us.
And lead us not into bitterness, but deliver us from resentment.
For thine is the power, the mercy, and the joy, forever and ever.
Amen.

A Song of Praise for the world God had made for us

The beauty of Earth is a wonder to behold, A sight that never gets old. There's so much to see and explore outside, from the mountains high to the oceans wide.

The sun that rises in the east, the stars that twinkle in the night, and the moon that waxes and wanes, all make our world so bright.

The trees that sway in the breeze, the flowers that bloom in the spring, and the birds that chirp and sing, all make our world so serene.

The rivers that flow to the sea, the waterfalls that cascade down, and the oceans that stretch far and wide, All make our world so profound.

The beauty of Earth is a gift to us all, A treasure that we must cherish and uphold. Let's do our part to keep it clean and green So that future generations can enjoy its serenity.
