

## Pope Francis Action Team

Minutes: 15<sup>th</sup> January 2024

The Pope Francis Action Team brought to the group's attention that some classes are not recycling correctly. The team have spoken to the teachers today and pointed out that the paper waste is solely for paper and not for additional recycling material as explained in their PowerPoint presentation.

The Action Team are continuing this term to support assemblies and pupils in the playground in need of a friend. Mrs Dhak has spoken to SMSAs during lunchtime, and the Action Team are providing additional support on rotation caring for lower KSI pupils.

Every class are completing the weekly tweets and Laudato Si challenge, which the children hope to revamp shortly.
