

Pope Francis Action Team

Minutes: 1st November 2023

The Pope Francis Action Team are recording the recycling collections in each class. On average, the Pope Francis Action team collect 5x 10-litre bags of paper recycling weekly. Pupils actively record 'saving energy' in the classroom and around the school.

- Children in Year 6 are responsible for collecting the tally charts and have created a Laudato Si Certificate to present at our weekly assembly.

- Mrs Dhak supported the Free Write/Climate Change Artwork to create an Art Exhibition on the stair corridor. The art display received several positive comments.
- The Pope Francis team would like to write a letter to Parliament about their climate change concerns. Mrs Dhak was asked to arrange to speak to Mr Sharma to discuss their concerns. The team suggested that they would use Google Classroom to share and support each other in the writing of the letter.
